National Prevention Week- May 10-16, 2020

National Prevention Week is an annual health observance dedicated to increasing public awareness of, and action around, mental health and/or substance use disorders. Three primary goals:

- Involve **communities** in raising awareness about behavioral health issues and implementing prevention strategies, and showcasing effectiveness of evidence-based prevention programs;
- Foster **partnerships and collaboration** with federal agencies and national organizations dedicated to behavioral and public health; and
- Promote and disseminate quality **behavioral health resources and publications**.
