

Parents, don't underestimate your influence!

“Over 80 percent of young people ages 10-18 say their parents are the leading influence on their decision whether to drink. Send a clear and strong message that you disapprove of underage drinking & misuse of other drugs.” - SAMHSA*

Perceived Parental Disapproval**

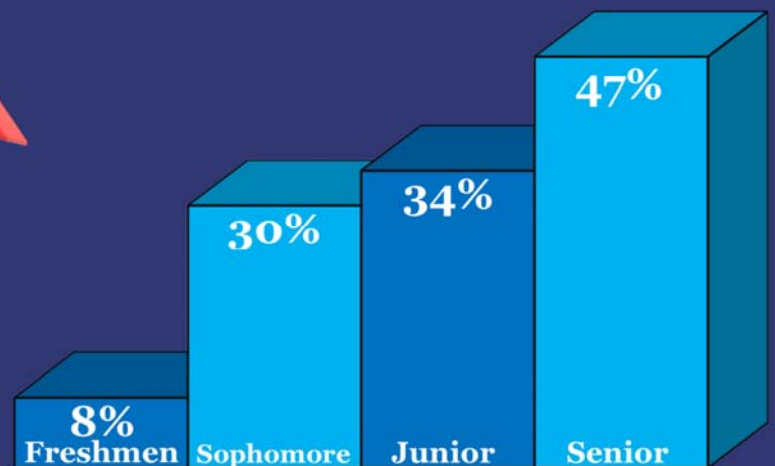

Cohasset High seniors were **40%** less likely to report that their parents would disapprove of them drinking alcohol than freshman.

Cohasset High seniors were **39%** more likely to report that they currently drink alcohol than freshman.

Current Alcohol Use***

The above data comes from the Youth Risk Behavior Survey (YRBS), which was administered to students at Cohasset High School (CHS) in the spring of 2019.

*For more information about how to talk to your kids about alcohol, visit the Substance Abuse and Mental Health Services Administration (SAMHSA) website at: www.samhsa.gov/underage-drinking/parent-resources

**Question posed to students asked whether they, 'believe their parents think it would be wrong or very wrong for them to have 1 or 2 drinks once or twice a month.'

***Question posed to students asked if they, 'currently drink alcohol (at least 1 day in the past 30 days).'
