National DEA Rx Take Back Day- April 24th
10AM-2PM Cohasset Police Department
Earth Day Celebrations- Table of DeTerra

The National Prescription Drug Take Back Day addresses a crucial public safety and public health issue. According to the 2016 National Survey on Drug Use and Health, **6.2 million Americans misused controlled prescription drugs**. The study shows that a majority of abused prescription drugs were obtained from family and friends, often from the home medicine cabinet. The DEA's Take Back Day events provide an opportunity for Americans to prevent drug addiction and overdose deaths.

National Prevention Week- May 10-14, 2021

National Prevention Week is an annual health observance dedicated to increasing public awareness of, and action around, mental health and/or substance use disorders.

Three primary goals:

- Involve communities in raising awareness about behavioral health issues and implementing prevention strategies, and showcasing effectiveness of evidence-based prevention programs;
- Foster partnerships and collaboration with federal agencies and national organizations dedicated to behavioral and public health; and
- Promote and disseminate quality behavioral health resources and publications.
